

RPC CORBY

HERCULES RANGE

DESCRIPTION

For an elegant look for your products, why not consider the top-down Hercules squeeze bottle range? It's distinctive curvy lines give great shelf impact whilst maintaining the functionality you need for controlled dispensing.

These bottles are ideal for oxygen sensitive food products such as sauces and salad dressings, providing extended shelf-life when stored under ambient conditions.

FEATURES

- Multilayer PP/EVOH/PP structure for high oxygen barrier
- Good contact clarity
- Can withstand hot-fill, pasteurisation and sterilisation* processes
- Modern top down design
- Closures with induction heat seal (I.H.S) foils can be supplied ex-stock from RPC Corby. Please check for colours
- Containers comply with current food contact legislation

**Please discuss first your process requirements with our Technical Department*

PHYSICAL DATA

Ref	Brimful Volume	Dimensions (Height x Width x Depth)	Weight (Nominal)	Neck Size
300ml Hercules	308ml	125.10 x 68.4 x 56.0mm	22g	38mm
452ml Hercules	452ml	148.4 x 79.0 x 58.4mm	31g	38mm

Contact us now for sample containers. Full technical support is available, we are happy to assist with your filling trials and can provide and demonstrate portable induction sealing equipment.

RPC CORBY

THE FOOD PACKAGING SPECIALISTS

EXPERTISE

- An industry leader, blow moulding for over 50 years
- Detailed knowledge and understanding of the foodservice market
- Technological leadership in multilayer bottle production
- 360° technical support from initial concept designs and product development to filling processes and product performance
- Award-winning design team can provide innovative solutions to packaging challenges
- Internationally-recognised quality accreditations including ISO 9001:2008 and BRC /IoP Global Standard for Food Packaging

CHOICE

- Extensive range of standard products from 180ml to 4.25L.
- Custom designs to enhance brand image, promote product differentiation and maximise on-shelf appeal
- Capable of using a wide range of closure systems available in the market
- Closure manufacture within the Group provides the opportunity for sourcing the complete pack from a single supplier
- Serving a comprehensive range of customers, from the larger European manufacturers of consumer products to small national businesses

SUSTAINABILITY

- RPC is committed to creating and producing environmentally sustainable packaging solutions that help our customers reduce their carbon footprint
- Focussing on improving the design of product packaging to reduce the amount of material used whilst equalling or enhancing packaging performance
- At the same time we continue to seek ways to further reduce the environmental impact of our manufacturing operations through greater efficiencies and reduced electricity and water consumption
